Our Teachers

Director Beth Ressler is a graduate of Randolph Macon College, with a B.A. degree in Psychology certified in preschool education. She has taught for eighteen years at our school, teaches Family Life Education for COBYS, worked in Counseling, and taught children in various church programs for over twenty years. A mother and grandmother, she says, *“Each child is an individual brimming with potential! What a thrill to take part in their lives as they grow, play, and respond to friends, stories, music and new experiences.”*

Betty Cox has assisted for over twenty-five years with the 2-day and 3-day classes at our school. She has taught forty years at Hempfield Church of the Brethren and was involved in their youth program. She is a mother and grandmother. Betty says, *“A child is so open to learning new ideas. To me children are a joy. I love to be with children; they are a blessing!”*

Ellie Hooley completed her Bachelor’s Degree in Comparative Literature at Penn State University. The mother of five, she completed her Emergency Teacher Certification through IU13 and spent time in a variety of classrooms – from regular education to learning support. She loves the relaxed and joyous atmosphere that Trinity Preschool provides for your children. *“The best way to prepare your child for school and encourage your child’s sense of learning is to read with them and around them. Children can be encouraged to read just about anything! Billboards, recipes, kid’s magazines, game instructions, and of course **books** – lots of them.”*

Pam Ritt has assisted at Trinity for eight years. The mother of four adult children, she writes, *“working with children interests me because they are so innocent, non-judgmental, fun, curious, and they keep me young!”*

Jill LaVenice has taught here at Trinity for one year coming from ten years at Bright Start Academy. She has her Associates Degree in Early Childhood Education, is a mother of 3 children and sees preschool as a wonderful place to nurture children. *“There are few things as exciting as watching a child grow and develop. I love helping a child accomplish something new that they couldn’t do before. The joy on their face is absolutely amazing.”*
